Dear Dusty

Thank you for another year of chairing WAEL. I am sorry that you have been laid low recently and very much hope that we will see you out and about for the 2012 boating season.

Please pass on my thanks and those of the WACT trustees to all those members who put in so much time to WAEL's activities. The boats' skippers and crews are in the limelight but the crew co-ordinators, the boat maintainers and painters - especially those noble enough to work on the slipway in winter weather - and the trainers all play a vital role in your company. Fanny Lines and her helpers put in innumerable hours at shows and fêtes, helping to publicize the canal restoration. The Santa presents are by themselves a huge task and I am grateful that it is all dealt with so efficiently.

With best wishes to you and Mary for 2012 - and get well soon.

Yours sincerely

Sally Schupke
Chairman.
